Bearing in mind the answers you provide above (in relation to your investment experience, and risk factors such as (a) yearly inflation, (b) investment losses or return, (c) emergency cash you need to set aside, and other relevant factors), which of the following best describes your investment objective for investing through True Trade Pro Limited? *(Please tick one only)*

<input type="checkbox"/>	Conservative	I/We hope to achieve returns of up to 2% above bank deposit rates with lower-than-average risk and fluctuation in value. I/We prefer a long term and secure income stream.
<input type="checkbox"/>	Balanced	I/We hope to achieve returns of 3 to 9% above bank deposit rates and am/are willing to accept occasional periods of high volatility. I/We fully accept that investment returns will vary substantially from year to year and that there is a high chance of incurring losses. I/We may also engage occasionally in speculative trading from time to time.
<input type="checkbox"/>	Aggressive	I/We hope to achieve returns of more than 9% above bank deposit rates over the short term (under 12 months) with a tolerance for a correspondingly and significantly higher degree of volatility and risk of loss. I/We appreciate that there is a high chance of capital loss or can incur losses more than the capital investment in individual transactions and am/are willing to accept substantial risks. I/We am/are also keen on contra transactions and have an appetite for investing in speculative shares.

SECTION C - CUSTOMER'S RISK TOLERANCE PROFILE

Part 1- Investor Profile Questionnaire

Please select only **ONE** of the available options for each question by placing a tick in the box that you think best describes yourself. Kindly complete the questionnaire fully by completing all questions.

1. Which of the following do you think best describes your investment objectives?

	Score	
A Your primary focus is on capital growth. You are prepared to accept the high level of short-term volatility and possible capital losses in order to generate potentially higher levels of capital growth over the long term. You are well placed to recover from unforeseen market downturns either because you have time on your side or access to capital reserves.	1 pt.	<input type="checkbox"/>
B You require your investments to be a balance between capital growth and income generating assets. Calculated risks will be acceptable as you are prepared to accept short-term levels of volatility in order to outperform inflation.	3 pts	<input type="checkbox"/>
C Generating a regular income stream is a priority over capital growth. You are prepared to sacrifice higher returns in favor of preservation of capital.	5 pts	<input type="checkbox"/>

2. What percentage of your risk capital will be put at risk using our services? (Risk capital means funds and assets which if lost would not materially change your lifestyle or your family's lifestyle)

	Score	
A Greater than 70%	1 pt.	<input type="checkbox"/>
B 35% to 70%	3 pts	<input type="checkbox"/>
C Less than 35 %	5 pts	<input type="checkbox"/>

3. Once investments have been placed, how long would it be before you would need to access your capital?

	Score	
A Longer than 2 years	1 pt.	<input type="checkbox"/>
B Between 6 months and 2 years	3 pts	<input type="checkbox"/>
C Less than 6 months	5 pts	<input type="checkbox"/>

4. Inflation can reduce your spending power. How much risk are you prepared to take to counteract the effects of inflation?

	Score	
A I am comfortable with short to medium term losses in order to beat inflation over the longer term.	1 pt.	<input type="checkbox"/>
B I am conscious of the effects of inflation and am prepared to take moderate risks in order to stay ahead of inflation.	5 pts	<input type="checkbox"/>
C Inflation may erode my savings over the long term, but I am only willing to take limited risk to attempt to counter the effects of inflation.	10 pts	<input type="checkbox"/>

5. How much money have you set aside (outside of your pension/ Central Provident Fund Savings) to handle emergencies?		
	Score	
A More than 6 months of living expenses	1 pt.	<input type="checkbox"/>
B Between one and six months of living expenses	3 pts	<input type="checkbox"/>
C Less than one month of living expenses	5 pts	<input type="checkbox"/>
<hr/>		
6. You possess \$100,000 and wish to invest the funds for the future. Which of the asset mixes would you choose to invest in?		
<ul style="list-style-type: none"> • Investment A has a potential return of 30% but the possibility of losing up to 40% in any year. • Investment B has an average return of 3% with the possibility of losing up to 5% in any year. 		
	Score	
A 80% in Investment A and 20% in Investment B	1 pt.	<input type="checkbox"/>
B 50% in Investment A and 50% in Investment B	3 pts	<input type="checkbox"/>
C 20% in Investment A and 80% in Investment B	5 pts	<input type="checkbox"/>
<hr/>		
7. Over the long term, what return do you reasonably expect to achieve from your investment portfolio?		
	Score	
A More than 9% per annum above the prevailing fixed deposit rate	1 pt.	<input type="checkbox"/>
B Prevailing fixed deposit rate plus 3-9% per annum	3 pts	<input type="checkbox"/>
C Less than 3% per annum above the prevailing fixed deposit rate	5 pts	<input type="checkbox"/>
<hr/>		
8. Most investments can fluctuate both up and down (i.e., volatility). How much could your investment fall in value over a 12-month period before you begin to feel concerned and anxious?		
	Score	
A More than 25%	1 pt.	<input type="checkbox"/>
B Up to 25%	5 pts	<input type="checkbox"/>
C Up to 5%	10 pts	<input type="checkbox"/>
<hr/>		
9. What would your reaction be if six months after placing your investment you discovered that your portfolio had decreased in value by 20%?		
	Score	
A I would invest more funds to lower my average investment price, expecting future growth.	1 pt.	<input type="checkbox"/>
B This was a calculated risk, and I would leave the investment in place, expecting future growth.	3 pts	<input type="checkbox"/>
C I would cut my losses.	5 pts	<input type="checkbox"/>

10. To what extent are you concerned about preservation of your capital?

	Score	
A A high degree of risk would be acceptable given longer-term capital growth objectives	1 pt.	<input type="checkbox"/>
B A moderate degree of risk would be acceptable given the potential for increased returns	5 pts	<input type="checkbox"/>
C A minimal degree of risk would be acceptable for a slight increase in potential returns	10 pts	<input type="checkbox"/>

11. What are your current income requirements from your investments?

	Score	
A I require a small amount of investment income as I am mainly focused on capital growth	1 pt.	<input type="checkbox"/>
B I require an equal combination of investment income and capital growth	3 pts	<input type="checkbox"/>
C I require substantial investment income with only some capital growth	5 pts	<input type="checkbox"/>
